In addition, a new Communication Coordinator position was added, which previously had been a contracted position.
- Supplies expenditure budget increased \$200, or 19%, from the previous year's budget due to a slight increase in office supplies.
- Contractual services expenditure budget decreased \$28,339, or 9%, from the prior year's budget. As noted, an employee position was added to replace what had been contracted services.

CAPITAL

- This department does not have any planned capital requests

FINANCIAL IMPACTS

OPERATING

- Personnel expenditure budget decreased \$5,226, or 2%, from the previous year's budget, which includes a 3% cost-of-living increase for City staff per union contracts as well as wage-step increases for eligible employees. The decrease is due to aligning budget for health insurance to actual expenditures from previous years.
- Supplies expenditure budget increased \$350, or 10%, from the previous year's budget due to a slight increase in office supplies expenditures.

- Contractual services expenditure budget decreased \$46,200, or 37%, from the previous year's budget. The decrease is due to a budget reduction in planning services. With the hiring of a Community Development Director in 2022, less contractual services are needed for planning.

CAPITAL

- Capital Improvement Plan requests for 2024 total \$637,500. This includes \$545,500 for Parks, Playgrounds, Paths, Open Spaces for Hause Park renovations (\$400,500), West End Passive Park (\$40,000), McKnight Boulevard sidewalk (\$60,000), and Gateway State Trail Access improvements (\$45,000). If approved, it is recommended that these projects be funded by the Street Maintenance Fund, Park Dedication Fund, Electric Fund, and grants.
- Future Capital Improvement Plan requests for 2025-2033 total \$3,731,320. - Personnel expenditure budget increased \$165,717, or 5%, from the previous year's budget. This includes a 3% cost-of-living increase for City staff per union contracts as well as wage-step increases for eligible employees.
- Supplies expenditure budget increased \$43,000, or 51%, which includes costs for bullet proof vest replacements, body worn camera replacements, and TASER training program.

- Contractual services expenditure budget increased \$47,119, or 8%, compared to the prior year's budget due to increases in allocations from the Fiber Enterprise Fund and the Information Technology Internal Services Fund.

CAPITAL

- Capital Improvement Program requests for 2024 total \$335,410 and include \$17,000 for Buildings and Facilities, which is for an architectural review of Police facilities. Also included is \$318,410 for vehicles and equipment, which includes a trailer camera, handheld radios, body worn cameras, and the addition of a canine program. If approved, it is recommended that these projects be paid from the Equipment and Building Maintenance Internal Service Funds.
- Capital Improvement requests for 2025-2033 total \$2,594,610 and include additional requests of \$495,000 for buildings and facilities, which include a Police remodel and new garage doors. Requests for 2025-2033 also include \$2,099,610 for vehicles and equipment. If approved, it is recommended that these projects be paid from the Equipment and Building Maintenance Internal Service Funds.

2024 ADDITIONAL REQUESTS (NOT INCLUDED IN CURRENT BUDGET)

- Add one Police Investigator position**

This need was identified in 2021 due to the significant increase of crimes occurring in North St. Paul that require investigations. In 2022, there were 145 cases sent to investigations, the highest in the previous five years of data, possibly the highest ever. This equates to 116% investigation increase from 2020 and a 54% increase from 2021. In the past calendar year, North St. Paul has a higher homicide rate, per capita (3.16 per 10,000 people) than the cities of Minneapolis (1.9 per 10,000 people) and St. Paul (1.3 per 10,000 people) in the year 2022. The increase in crimes that demand extensive investigations has further amplified the need for proper staffing in investigations. Our current staffing of one police investigator is not adequate to match the public expectation of criminal investigations.

Comparable municipalities currently have greater staffing resources in the investigation divisions than North St. Paul currently, showing that our current investigation staffing model is not in alignment with other police department staffing or public safety models.

Outcomes if position added:

- Proper time to investigate the growing criminal cases impacting North St. Paul residents.
- Adequate time to proactively investigate criminal operations in North St. Paul – including drugs, firearms, property crimes, and stolen vehicles.
- Allows shared responsibility among investigations.
- Allows proactivity for case investigations and community problems.
- Wellbeing enhancement for employee
- Achieves staffing equity
- Allow the investigator to take a day off of work, and not have the case load compile.
- Ensures all documents are forward to prosecuting attorneys by deadlines.

Outcomes if position not added:

- Employee wellness deterioration and burnout
- Operational triage of incoming cases
- Inability to deliver full attention to each case and victim
- Greater potential for unsolved crimes

FIRE & CODE ENFORCEMENT

ACTIVITY MANAGER

Jason Mallinger, Fire Chief
Jason.Mallinger@northstpaul.org
651-747-2552

DESCRIPTION OF ACTIVITY

The North St. Paul Fire Department is an “All-Hazards” department that will respond to the needs of the community, regardless of the nature of the incident. We provide First Responders to fires, medical emergencies, hazardous material incidents, water incidents, public safety concerns, natural disasters, emergencies, & non-emergencies. The Fire Department protects the lives and property of the City of North St. Paul residents and businesses. The department advances public safety through continuing education of its staff, fire prevention, investigation and community programs. The department responded to 1,605 emergency incidents in 2022, topping our previous high of 1,566 in 2021. This activity is also responsible for Code Compliance which enforces property maintenance standards city-wide and conducts Zoning Permit inspections.

Rental Housing Licensing	Animal Regulation
Commercial Fire Inspections	SafeHaven program
Fire Code Enforcement	Fire Investigations
Fire Alarm/Sprinkler Plan Review	Fire Prevention & Education

OBJECTIVES AND PRIORITIES

- Maintain and promote staff development while creating a strong culture of commitment and community service.
- Provide proficient, consistent, and predictable service with an emphasis in Fire Inspections (Rental Property & Commercial Property), Administration, and daytime Fire and EMS response to improve overall services.
- Respond to 90% of fire emergency incidents within 10 minutes or less as directed by NFPA 1720.
- First Respond to EMS incidents for the protection and preservation of life.
- Continue to participate in Auto Aid and Mutual Aid agreements with neighboring communities to utilize our regional resources and take advantage of another department's expertise.
- Continue to promote and retain members of our Paid-on-Call staff.
- Continue current response model to increasing emergency incidents (Fire & EMS).
- Educate our staff by utilizing the skills of our existing employees and sending staff to outside training opportunities to continuously improve our knowledge and abilities. Develop new firefighters through initial training (Firefighter I, II, Haz-Mat, EMR or EMT).
- Increase Safe Haven inspections and smoke detector/Carbon Monoxide installations. We have recently updated our partnership with Red Cross.

- Enforce Code Compliance to ensure property maintenance standards are met.
- Inspect rental housing to protect public health and general welfare of City residents.
- Maintenance of department equipment (Trucks, vehicles, engines, etc.).
- Continue funding to the North St. Paul fire relief to ensure full pension funding.

FINANCIAL IMPACTS

OPERATING

- Personnel expenditure budget increased \$23,688, or 3%, compared to the prior year's budget. This includes a 3% cost-of-living increase for City staff per union contracts as well as wage-step increases for eligible employees.
- Supplies expenditure budget increased \$4,800, or 8%, compared to the prior year's budget, primarily due to an increase in the fuel budget to align with prior years' actual expenditures.
- Contractual services budget increased \$111,914, or 36%, compared to the prior year's budget due to increases in the equipment allocation from the Equipment Internal Service Fund.

CAPITAL

- Capital Improvement Program requests for 2024 include \$33,300 for Vehicles and Equipment, which includes a new commercial washer and ballistic vests. If approved, it is recommended that these projects be paid from the Equipment Internal Service Funds.
- Capital Improvement requests for 2025-2033 include additional requests of \$3,099,000 for Vehicles and Equipment to replace vehicles and safety equipment that is at the end of its useful life. If approved, it is recommended that these projects be paid from the Equipment Internal Service Fund.

2024 ADDITIONAL REQUESTS (NOT INCLUDED IN CURRENT BUDGET)

- Convert 2 Part Time Code Compliance/Firefighter positions to 1 Full Time Code Compliance/Firefighter position. Over the last year the Part Time position has been posted twice and we have not had any interest or applications in the PT position. Since mid-2022 we have only had one PT position filled and have been unable to keep up with all of the code compliance and zoning inspection concerns. The goal is to be able to provide proficient, consistent, and predictable services with all Code Compliance issues.
- With the potential change of the PT Code Compliance/Firefighter position to FT, it positively impacts our emergency response services, especially for “fire calls” during normal business hours. We will be able to send a truck out the door immediately instead of waiting during the daytime for firefighters to come to the station which can add minutes to our response time.
- Increase Part Time Paid on Call Firefighter wages to be competitive with surrounding and similar fire departments in order to be able to attract and retain firefighters.
