2022 Budget

Background/Facts

Again, credit needs to be given to the Mayor and City Council in the development and approval of the 2021 budget during the unprecedented times of the Covid 19 pandemic. As the economy was slowing down and the unemployment rate rising, North St. Paul officials put the residents first and approved a zero percent levy increase. In addition, this year the Mayor and City Council decided not to opt into the Ramsey County HRA levy saving residents approximately \$41.

As we are fully aware, the pandemic isn't over and the future is still uncertain. However, fueled by vaccinations and government aid, the U.S. economy grew at a solid 6.5% annual rate in the 2nd quarter of 2021 is another sign that the nation has achieved a sustained recovery from the pandemic recession. The total size of the economy has now surpassed its pre-pandemic level. For now, the economy is showing sustained strength. Minnesota's seasonally adjusted unemployment rate remained steady at 4.0% in June while nationally, the unemployment rate rose one-tenth of a percentage point in June to 5.9%.

Again, the 2022 budget presents the challenge of balancing the welfare of our residents with the short and long-term budget decisions and its impact.

The 2022 budgeting approach is to engage City Council on direction during the planning phase to build a collaborative budget that will meet the needs of the residents.

In all, the City Manager seeks to present a budget that is a fiscally responsible plan that strikes a balance between the needs of the organization and the interest of the taxpayer. As we go through the budgeting process, the following budgetary principals will continue to guide in recommendations:

- Making budget decisions acknowledging both the short and long-term impacts
- Stabilizing revenues and expenditures, and eliminating unanticipated variances
- Funding operations at a level to provide quality services at a reasonable cost
- Maintaining structural balance and appropriate fund balance levels
- Considering additional investments when they help achieve City's goals and provide a significant return to the community

- Seeking to make a connection between resources and results

On May 18, 2021, the preliminary budget was presented and focused on funds that are supported by tax dollars/Local Government Aid (this excluded utility and internal service funds). At that time, the proposed tax levy was \$6,033,847; a \$542,401 or 9.9% increase from 2021. Based upon your recommendations to reduce the levy request, staff worked with department heads to reduce the budget.

On August 16, 2021, the preliminary budget was presented and focused on funds that are supported by tax dollars/Local Government Aid (this excluded utility and internal service funds). At that time, the proposed tax levy was \$5,829,630; a \$339,184 or 6.16% increase from 2021. Based upon your recommendations to reduce the levy request, staff worked with department heads to reduce the budget.

This workshop will again focus on the general and debt service funds that are supported by tax dollars/Local Government Aid. We will show you where we are with the budget and seek further direction. In addition, we will focus on the following:

- Capital Improvement Plans
- Housing Redevelopment Authority (HRA) – Levy will be discussed in this workshop.
- Economic Development Authority (EDA) - Levy will be discussed in this workshop.

Remaining Budget Schedule:

September 21, 2021

- Certify Maximum Levy
- Certify TNT Meeting Date
- Adopt the 2022 CIP Plan and authorize a 2022 Street and Utility Improvement Project Feasibility Study
- Authorize issuance of Refunding Bonds.

TBD

- Internal Service Funds
- Utility Funds
